The Middlesex County Retirement Board is pleased to present to members of the MCRS and their families our popular seminar on public employee retirement benefits and the basics of Social Security, including up to date information on how the “Windfall Elimination Provision” and “Government Pension Offset” impacts those benefits.

This session is vitally important for your financial planning, whether you are a new member, a vested mid-career member, or nearing retirement. Topics will include the retirement benefit calculation formula, health insurance, taxes, working after retirement, cost-of-living adjustments, and how your retirement benefits interact with Social Security. Attending this seminar will allow you to learn more about one of your most valuable assets. We look forward to having you join us.
