

Introduction

Member's Application for Disability Retirement

Form Last Revised: March, 2026

Before you file an application for a disability retirement allowance, please note that you should:

- Contact your retirement board. This is an important step in ensuring that you have all of the information that you need. The staff at your retirement board will help you understand the process and respond to your questions throughout the process.

Read the *Guide to Disability Retirement for Public Employees*

- www.mass.gov/guides/perac-retirement-guides
- This guide will give you general information about the disability process.

Next Step

- Be sure to complete the entire application, including the release forms, and attach all required documents before returning your application to your retirement board. If your application is incomplete, the application process will be delayed. Until all of the required information has been submitted, your retirement board cannot assign a date of application, which will be very important in determining your effective date of retirement and retirement allowance date.
- Your retirement board can prepare an estimate of your retirement allowance for planning purposes at any time, but an official retirement allowance cannot be calculated until your application has been approved. If your application is approved, you may need to submit additional documents, including, if applicable, your marriage certificate, your spouse's birth certificate, and your dependent children's birth certificates.
- Before you send your application and your documents to your retirement board, make a photocopy of them for your own records.

Your Retirement Board Will:

- Request information from your employer, your personal physician, and the other physicians, hospitals, and insurance companies that you identified on your application.
- You may, if you wish, submit the Physician's Statement to your primary treating physician. If you choose to do so, let your retirement board know so that duplication of effort can be avoided.

Next Step

- When all the information specified above has been received by your retirement board, the application package is considered complete and your retirement board will decide whether to ask the Public Employee Retirement Administration Commission (PERAC) to set up a three member regional medical panel to examine you.

Introduction

Member's Application for Disability Retirement

Timeframes and Qualifications

Timeframes

- The regional medical panel should meet within 60 days of being appointed by PERAC to conduct its examination.
- You will be given a 14-day notice of the scheduled examination(s).
- The regional medical panel will report their findings and recommendations to PERAC within 60 days after completing their examination(s).
- Within 5 days of receipt of a properly completed medical panel report, PERAC will forward the report to your retirement board.
- Your retirement board has the option at this point of requesting further information or a clarification from the regional medical panel if they determine that it would be helpful.
- Within 30 days of receipt of the report, your retirement board will notify you of the panel's findings and provide you with a copy of all of the documents completed by the regional medical panel.
- If the regional medical panel precludes retirement for the disability you claimed, your retirement board could either deny your application or it could ask PERAC for a new regional medical panel if the board believes that circumstances warrant it.

If PERAC declines to schedule a new examination, your board will deny your application.

- If the regional medical panel findings permit retirement for the disability claimed, your retirement board shall determine whether or not to approve the application.
- A hearing may be held on any disability retirement application and shall be held upon your request.
- If a hearing is scheduled, your board must give you at least a 30 day notice of the time and place for the hearing and the issues involved.
- Your retirement board's decision about your eligibility for disability retirement must be made no later than 180 days after you file your completed application, unless PERAC grants an extension.
- If your application is approved by your retirement board, it will be transmitted to PERAC for final action. PERAC must act on your application within 30 days of its receipt.
- If your application is denied by your retirement board, your retirement board will advise you of your right to appeal the decision.

Qualification for Violent Act Injury

- In order to qualify for a disability under the *Violent Act Injury* provision a certain police officer, firefighter, EMT or other licensed health care professional must demonstrate, and the retirement board must determine, that all three of the following elements are established:
 1. That they suffered a catastrophic or life-threatening permanent bodily injury;
 2. That the injury was the direct and proximate result of a violent attack upon a person, which means the injury must result from an intentional physical act, and not result from an accident or from negligence; and
 3. That the attack was by means of a dangerous weapon, which was used in a manner intended to cause serious injury or death, including, but not limited to, a firearm, knife, automobile or explosive device.

Medical Panel Selection

Unless your retirement board denies your application as a result of an initial fact-finding hearing, you must have a regional medical panel examination. PERAC appoints all regional medical panels. When your retirement board determines that your application for disability retirement is complete, the board (which meets at least once each month) may petition PERAC to appoint a three-member state-financed independent regional medical panel to examine you.

No physician who has already examined you or treated you, except as part of a prior regional medical panel, can be appointed to a panel to examine you.

PERAC will schedule the regional medical panel examination(s) and notify you at least 14 days in advance of the date(s), time(s), and location(s).

Regional Medical Panel Selection Form**Three Separate Single Examinations or One Joint Examination**

- You have the right to request three separate single physician examinations when you file your disability application.
- If you do not request separate single examinations at application filing time a joint panel can be convened.
- You may request separate examinations at any time prior to a joint examination date, but PERAC will not ordinarily consider requests for separate examinations less than 48 hours prior to a scheduled joint examination.

You must indicate whether you prefer one joint examination or three separate single examinations by checking one of the boxes below:

- I want to be examined by a joint regional medical panel.
- I want to be scheduled for three separate single examinations.

By signing, I acknowledge that if I fail to appear at the scheduled medical appointment(s), I will be required to reimburse the Commonwealth for the cost of the examination, prior to the scheduling of a new examination.

Introduction

Physician's Statement Pertaining to a Member's Application for Disability Retirement

Form Last Revised: March, 2026

Who should prepare this form?

In accordance with 840 CMR 10.06(1)(b) (Code of Massachusetts Regulations), every member-applicant shall file a statement from a licensed medical doctor.

Who will ask the physician to complete this form?

In the *Disability Retirement Application* that an applicant submits to his/her retirement board, the applicant will identify the name, address, and phone number of the physician who has provided the care for his/her disability. The retirement board will send a copy of the Physician's Statement to the physician and request that the form be completed and returned to the retirement board.

Some applicants may choose to submit the *Physician's Statement* directly to their physician. Applicants should be sure to include the name, address, and phone number of their retirement board on the statement, if they take this course of action.

In order to avoid duplication of effort, if an applicant does submit the *Physician's Statement* directly to his/her physician, the applicant should be sure to inform his/her retirement board.

What is the process associated with this form?

A voluntary disability retirement application will not be considered complete until the completed *Physician's Statement* has been received by the applicant's retirement board. Delays in filing any of the required materials will impede timely processing of the application.

Are there terms particular to the legal process of disability retirement that the physician should consider when completing the *Physician's Statement*?

Yes, please review the last two pages of the *Physician's Statement*. Definitions are included for: Accidental Disability, Ordinary Disability, Violent Act Injury Disability, Risk of Re-injury, Aggravation of a Pre-Existing Condition, and the Permanency Standard.

Presumptions: If the applicant is applying for disability retirement for a Heart, Lung or Cancer Presumption, please review the definitions on page 9 of this form regarding the Heart, Lung or Cancer Presumptions.

Who should a physician contact if he or she has questions about this form?

If a physician needs further explanation about this form or the disability process in general, the physician should contact the applicant's retirement board.

As a physician who has been treating the above named applicant for his or her claimed disability, the retirement board will consider your analysis of the applicant's medical condition. Attention to this document will help you translate medical findings and opinions into language consistent with Massachusetts law, which in turn will help your patient with the process. All definitions are included on page 9.

Introduction:

- You are asked to answer yes or no to questions (1) and (2) if the applicant is filing for an ordinary disability;
- You are asked to answer yes or no to questions (1), (2), and (3A) if the applicant is filing for accidental disability **without** a Presumption; and

- You are asked to answer yes or no to questions (1), (2), (3A), (4), (5), and (6) if the applicant is filing for Violent Act Injury Disability.

Applications for Accidental Disability under the Heart, Lung or Cancer Presumption

- The physician submitting this form for a member who is applying for accidental disability benefits under the Heart, Lung or Cancer Presumption should note that certain conditions are presumed to be job-related if suffered by persons holding certain public safety positions. The physician should be aware that a higher level of certainty (higher than what a doctor typically refers to, i.e., reasonable degree of medical certainty) will be required to overcome or rebut a Presumption. Overcoming a Presumption requires a uniquely predominate non-work related influence.
- The Presumptions are found in Massachusetts General Laws, Chapter 32, Sections 94, 94A, and 94B; they are the Heart, Lung, and Cancer Presumptions. Please review the definitions and attached guides to completing these Presumptions before completing this form.

Applications for Violent Act Injury Disability

- The physician submitting this form for a member who is applying for Violent Act Injury Disability benefits, must determine that the applicant suffered catastrophic or life-threatening permanent bodily injuries as a result of a violent physical attack by means of a dangerous weapon used in a manner intended to cause serious injury or death, including, but not limited to, a firearm, knife, automobile or explosive device.
- Psychological injuries are not eligible for Violent Act Injury Disability benefits.

Manner of Submission

- You may either complete the narrative section of this report by handwriting your responses, or submitting a narrative utilizing the items listed as your template. Your office notes and test results may be attached to further substantiate your conclusions.

Ordinary Disability

In an application for Ordinary Disability Retirement, an applicant does not assert that his or her disability is the result of a job-related incident or injury. For such applications, your response to Question 3 is not necessary. But please note that you may also respond to Question 3, if your determination is that consideration of causality is appropriate even though the applicant has not applied for accidental disability retirement.

Accidental Disability

In an application for Accidental Disability Retirement, an applicant asserts that his or her disability is the result of a job-related incident or injury. For such applications, your responses to Questions 1, 2, and 3 are required.

Aggravation of a Pre-Existing Condition

You may find that a previous condition or injury is related to the condition or injury that is the basis of the disability application. If the acceleration of a pre-existing condition or injury is as a result of an accident or hazard undergone, in performance of the applicant's duties, causation would be established. However, if the disability is due to the natural progression of the pre-existing condition or was not aggravated by the alleged injury sustained or hazard undergone, causation would not be established.

Risk of Re-injury

The Contributory Retirement Appeal Board (CRAB) has found, "...even if a member is physically capable of performing all of the essential duties of his or her position, he or she may be disqualified if a return to work would pose an unreasonable risk to serious harm to the member or third parties." *Filipek v. Bristol County Retirement Board*, CR-03-672 (CRAB 12/23/04). This risk of re-injury has to reasonably be expected to involve a substantial harm.

Last Date of Service

The Contributory Retirement Appeal Board (CRAB) has found, an "employee who has left government service without established disability may not, after termination of government service, claim accidental disability retirement status on basis of subsequently matured disability" You are asked to address whether the member was disabled at the time he or she last performed their job duties. *Vest v. Contributory Retirement Appeals Board*, 41 Mass. App. Ct. 191, 194 (1996).

Permanency Standard

A disability is permanent if it will continue for an indefinite period of time that is likely to never end even though recovery at some remote, unknown time is possible. If you are unable to determine when the applicant will no longer be disabled, you must consider the disability to be permanent. However, if the recovery is reasonably certain after a fairly definite time, the disability cannot be classified as permanent. It is imperative that the physician makes his/her determination based on the actual examination of the applicant and other available medical tests or medical records that have been provided.

Definition of Terms: (continued)

Presumptions

Certain conditions are presumed to be job-related if suffered by persons holding certain public safety positions. Additional information about these presumptions is available from the Public Employee Retirement Administration Commission.

The presumptions are:

■ **Heart Presumption (Massachusetts General Law, Chapter 32, Section 94)**

A disability or death caused by heart disease or hypertension is presumed to be suffered in the line of duty for public safety positions, including certain fire fighters, police officers, corrections officers, and public safety employees at the international airport. The employee must have passed a physical examination on or after their date of hire which failed to reveal evidence of such a condition. The presumption can be rebutted by competent evidence which shows the disability was not job-related.

■ **Lung Presumption (Massachusetts General Law, Chapter 32, Section 94A)**

A disability or death caused by diseases of the lungs or respiratory tract is presumed to be suffered in the line of duty as a result of inhalation of noxious fumes or poisonous gas for certain fire fighters or public safety employees at the international airport. The employee must have passed a physical examination on or after their date of hire which failed to reveal evidence of such a condition. The presumption can be rebutted by competent evidence which shows the disability was not job-related.

■ **Cancer Presumption (Massachusetts General Law, Chapter 32, Section 94B)**

A disability or death caused by certain cancers is presumed to be suffered in the line of duty as a result of exposure to heat, radiant, or a known or suspected carcinogen for certain qualified fire fighters or public safety employees. The employee (or retiree) must have been employed in an eligible position on or after July 5, 1990, must have served in such a position for five years or more at the time such condition is or should have discovered, must have regularly responded to fires during some portion of his/her service, and must discover or should have discovered cancer within five years of the last date of his/her active service. The presumption can be rebutted by a preponderance of the evidence that shows that the disability was caused by non-service-related risk factors or accidents or hazards undergone.

Violent Act Injury Disability

In an application for Violent Act Injury Disability, certain limited applicants (firefighters, emergency medical technicians, licensed health care professionals and certain police officers) assert that he or she suffered catastrophic or life-threatening permanent bodily injuries as a result of a violent physical attack by means of a dangerous weapon, which was used in a manner intended to cause serious injury or death, including, but not limited to, a firearm, knife, automobile or explosive device. Psychological injuries are not eligible for Violent Act Injury Disability benefits.

Instructions

When you apply for retirement, you may select one of three retirement allowance payment Options (A, B or C). For the Option selection to be valid, this completed form must be filed with your retirement board:

- On or before the date the board receives your written application for retirement, or
 - On or before the date your allowance becomes effective, or
 - Not more than 15 days after the board receives a written application for your involuntary retirement from your department head.
1. You may change your Option selection before your retirement becomes effective by filing a new form.
 2. You may not change your Option selection once your retirement becomes effective.
 3. **If no Option selection is made, your allowance will be paid under Option (B).**
 4. If you are married, the spousal acknowledgement at the end of this form must be signed by your spouse.

1. Explanation of Retirement Options

After reviewing **ALL** of the retirement options below, please select **ONE** option by checking the corresponding box in **Section 5** on page 6.

Option (A) No Payment to Beneficiary

This Option provides for a full retirement allowance payable in monthly installments during your lifetime. All allowance payments will cease upon your death and no benefits will be provided for any survivors.

Do not complete sections 3 & 4.

Option (B) Lump Sum Payment to Beneficiary

The payments under this Option are smaller than under Option (A). The annuity portion of your allowance is reduced to allow a lump sum benefit for your named beneficiary(ies). Upon your death, your named beneficiary(ies), or if there is no beneficiary living, the person or persons appearing in the judgment of the retirement board to be entitled thereto will be paid the unexpended balance of your annuity account. Please note that the contributions comprising the annuity account will be depleted within approximately twelve to fifteen years depending upon your age at retirement. The longer you live, the less will be paid to your beneficiary(ies) upon your death. If your account has been fully depleted, nothing will be paid to your named beneficiary(ies). You may designate and change at any time, one or more beneficiaries to receive in designated proportions, the lump sum Option (B) benefit. This Option takes effect upon your retirement and supercedes any prior beneficiary selections. **Do not complete sections 2 & 4.**

Option (C) Payment of Allowance to Beneficiary

Election of Option (C) provides for a monthly retirement allowance during your lifetime that is less than you would receive under either Option (A) or Option (B). Upon your death your designated beneficiary will be paid a monthly allowance for the remainder of his or her lifetime. That allowance will be equal to two-thirds of the allowance that you were receiving at the time of your death. The monthly allowance you receive under Option (C) is based upon life expectancy factors for you and your designated beneficiary. Only your spouse, former spouse who has not remarried, mother, father, sister, brother or child may be designated as your Option (C) beneficiary. The younger your beneficiary, the smaller your retirement allowance will be. If, after you retire, your Option (C) beneficiary predeceases you, you will thereafter be paid the full retirement allowance you would have received had you elected Option (A) at the time your retirement allowance became effective. This conversion is commonly referred to as the Option (C) "pop-up". Please note that after the Option (C) "pop-up" takes place you may not name another Option (C) beneficiary or choose another Option.

Do not complete sections 2 & 3.

Choice of Option at Retirement

Member Last Name: First Name: SSN: ***-**-____

2. Option A Only

There is no beneficiary when Option A is selected. Of all three options, Option A provides the highest possible monthly allowance to a retiree. It does not provide for any continuing survivor benefits. Upon the death of the member who has selected Option A:

- All payments will stop.
- No future monthly payments will be made to anyone.
- No pay out of the remaining balance in the annuity account (if any) will be made.
- A pro-rata share of any amounts due at the death of the member (which will vary depending upon the date of the member's death) shall be payable to a recipient designated by the member.

I, , understand that in picking Option A only the amount of retirement allowance still owed to me at the time of my death will be payable to a recipient or recipients designated by me.

I hereby designate the following to receive the pro-rata share of my retirement allowance still due to me on the date of my death.

Option (B)

I choose to have my retirement allowance paid in accordance with the provisions of Massachusetts General Laws, Chapter 32, Section 12(2)(b) which provides for a smaller retirement allowance for my life but provides that my designated beneficiary(ies) will receive any amounts remaining in my annuity account at my death. If married, spouse must acknowledge this selection in Section 6.

Option (C)

I choose to have my retirement allowance paid in accordance with the provisions of Massachusetts General Laws, Chapter 32, Section 12(2)(c) which provides an allowance which will be smaller than those under Option (A) or Option (B) but that upon my death two-thirds of this allowance will be paid to the named beneficiary for said beneficiary's life.
